

Ferhat Karaman

ASSISTANT PROFESSOR OF PSYCHOLOGY · TEXAS A&M UNIVERSITY–KINGSVILLE

Director, Karaman Language and Cognition Lab · Department of Psychology, Kingsville, TX 78363

ferhat.karaman@tamuk.edu | ferhatkaraman.github.io

APPOINTMENTS

Texas A&M University–Kingsville ASSISTANT PROFESSOR, DEPARTMENT OF PSYCHOLOGY • Director, Karaman Language and Cognition Lab • Graduate Program Coordinator, Psychology (2024–present)	2024–present
University of California, Los Angeles POSTDOCTORAL RESEARCHER, DEPARTMENT OF LINGUISTICS	2023–2024
Uşak University, Türkiye ASSISTANT PROFESSOR, DEPARTMENT OF PSYCHOLOGY • Head, Experimental Psychology Division (2019–2023)	2019–2023

EDUCATION

University of Tennessee, Knoxville PHD, PSYCHOLOGY • Dissertation: “Incorporating Memory Processes in the Study of Early Language Acquisition”	2018
University of Tennessee, Knoxville MA, PSYCHOLOGY • Thesis: “Isolated Words Selectively Enhance Memory for High Transitional Probability Sound Sequences”	2015
Florida Atlantic University MA, PSYCHOLOGY • Thesis: “The Influence of Language on Recognition Memory for Motion Events”	2013
Sakarya University, Türkiye BA, COUNSELING PSYCHOLOGY	2009

AWARDS, FELLOWSHIPS & GRANTS

2025	Title V <i>Pura Familia</i> Grant, Texas A&M University–Kingsville
2024	Title V <i>Pura Familia</i> Grant, Texas A&M University–Kingsville
2023–2024	TÜBİTAK 1002 Grant (No. 221K236), <i>The Role of Statistical Learning on Word Segmentation and Word Learning in Adults</i> . Principal Investigator (~70,000 TRY).
2015–2018	Graduate Student Senate Conference Travel Award, University of Tennessee, Knoxville
2015	Tennessee Psychological Association Conference Travel Award
2015	NeuroNet Research Center Conference Travel Award, University of Tennessee, Knoxville
2010–2018	Study Abroad Fellowship, Türkiye Ministry of National Education

PUBLICATIONS

REFEREED JOURNAL ARTICLES

- Lany, J., **Karaman, F.**, & Hay, J. F. (2024). A changing role for transitional probabilities in word learning during the transition to toddlerhood? *Developmental Psychology*, 60(3), 567–581.
- Karaman, F.**, Lany, J., & Hay, J. F. (2024). Can infants retain statistically segmented words and mappings across a delay? *Cognitive Science*, 48, e13433.
- Karaman, F.** (2024). Statistical language learning in children with developmental disorders. *Journal of Linguistics Research*, 35(2), 309–331.
- Özdeş, A., & **Karaman, F.** (2023). Remembering in the digital world: Autobiographical memory in social media. *Current Directions in Psychiatry*, 15(2), 275–286.
- Karaman, F.**, & Hay, J. F. (2018). The longevity of statistical learning: When infant memory decays, isolated words come to the rescue. *Journal of Experimental Psychology: Learning, Memory, and Cognition*, 44(2), 221–232.
- Coppinger, B., Cannistraci, R. A., **Karaman, F.**, Kyle, S. C., Hobson, E. A., Freeberg, T. M., & Hay, J. F. (2017). Studying audience effects in animals: What we can learn from human language research. *Animal Behaviour*, 124, 161–165.

MANUSCRIPTS IN PREPARATION / UNDER REVIEW

- Sundara, M., **Karaman, F.**, & Katsuda, H. (in preparation). When transitional probability cues are unreliable, even 5-month-olds rely on phonotactics to segment words. *To be submitted to Psychological Science*.
- Karaman, F.** (in preparation). Adults track transitional probabilities in an unfamiliar natural language. *To be submitted to Journal of Experimental Psychology: Learning, Memory, and Cognition*.

EDITED VOLUMES

- Özdeş, A., & **Karaman, F.** (Eds.). (2023). *Children in a Changing World: Effects of Digital Technology on Child Development*. İstanbul: Nobel Akademik Yayıncılık.

BOOK CHAPTERS

PRESENTATIONS

CONFERENCE PRESENTATIONS

- | | |
|------|--|
| 2026 | Karaman, F. <i>Statistical word segmentation in natural speech: An individual differences study</i> . Poster to be presented at the 67th Annual Meeting of the Psychonomic Society, San Diego, CA, United States. |
| 2026 | Karaman, F. <i>How face masks alter face perception: Evidence from a modified Cambridge Face Memory Test</i> . Talk presented at the Southwestern Psychological Association (SWPA) Annual Convention, Frisco, TX, United States. |
| 2025 | Sundara, M., Karaman, F. , & Katsuda, H. <i>When transitional probability cues are unreliable, even 5-month-olds rely on phonotactics to segment words</i> . Poster presented at the 50th Boston University Conference on Language Development (BUCLD 50), Boston, MA, United States. |

2023	Lany, J., Karaman, F. , & Hay, J. F. <i>A changing role for transitional probabilities in word learning across development</i> . Biennial Meeting of the Society for Research in Child Development, Salt Lake City, UT, United States.
2022	Turnbull, H., Karaman, F. , Hay, J. F., & Lany, J. <i>Can adults track transitional probabilities in an unfamiliar natural language?</i> Poster presented at the International Conference on Interdisciplinary Advances in Statistical Learning, San Sebastián, Spain.
2022	Karaman, F. <i>Effects of statistical learning on infants' word learning and memory</i> . Talk presented at the 3rd Developmental Psychology Symposium, Koç University, İstanbul, Türkiye.
2021	Karaman, N., & Karaman, F. <i>From bad to worse? Impact of the COVID-19 pandemic on mental health of young adults in Turkey</i> . International Conference on COVID-19 Pandemic and Public Health System, Online.
2019	Karaman, F. , Lany, J., & Hay, J. F. <i>Statistical learning supports word learning and memory</i> . Poster presented at the 41st Annual Meeting of the Cognitive Science Society, Montreal, Canada.
2019	Karaman, F. , Lany, J., & Hay, J. F. <i>Do infants remember statistics?</i> Poster presented at the International Conference on Interdisciplinary Advances in Statistical Learning, San Sebastián, Spain.
2019	Karaman, F. , & Hay, J. F. <i>Statistical learning supports word learning and memory</i> . Poster presented at the Biennial Meeting of the Society for Research in Child Development, Baltimore, MD, United States.
2018	Karaman, F. , & Hay, J. F. <i>Is transitional probability more resilient to decay in memory than syllable frequency?</i> Poster presented at the International Conference on Infant Studies, Philadelphia, PA, United States.
2016	Karaman, F. , & Hay, J. F. <i>The longevity of statistical learning: Can infants remember the sequential statistics of speech?</i> International Conference on Infant Studies, New Orleans, LA, United States.
2015	Karaman, F. , & Hay, J. F. <i>Infants' long-term memory for sequential statistics in real speech</i> . Poster presented at the Biennial Meeting of the Society for Research in Child Development, Philadelphia, PA, United States.

INVITED TALKS

2024	Child and Family Research Laboratory Seminar Series, Özyeğin University, Türkiye
2023	Psycho/CompLing Seminar, University of California, Los Angeles
2023	Phonetics Seminar, University of California, Los Angeles
2021	Faculty of Arts and Sciences Seminar Series, Uşak University, Türkiye
2020	Youth Week Seminar Series, Uşak University, Türkiye

TEACHING

COURSES TAUGHT AT TEXAS A&M UNIVERSITY–KINGSVILLE

PSYC 3381	Statistics for the Behavioral Sciences
PSYC 3387	Experimental Psychology
PSYC 4312	Physiological Psychology
PSYC 4330	Biological Psychology
PSYC 4328	Psychology of Perception
PSYC 5318	Behavioral Science Research

MENTORING

GRADUATE MENTORING

2026–present Julie Cisneros, graduate student, Department of Psychology, Texas A&M University–Kingsville

UNDERGRADUATE MENTORING

2026–present Eric Gaitan, undergraduate student, Department of Psychology, Texas A&M University–Kingsville

2026–present Laura Carson, McNair Scholar, Texas A&M University–Kingsville. Project: Adverse childhood experiences, cognitive flexibility, and emotion regulation

2024–2025 Joseph D. Hatcher, honors student, Texas A&M University–Kingsville. Project: Leveraging meta-data analysis and large-scale predictive models in neuroscience and toxin research

2020–2023 Mehmet Enes Yıldırım, undergraduate student, Uşak University, Türkiye. TÜBİTAK 2209-A Undergraduate Research Project: *The effects of face mask use during the COVID-19 pandemic on face perception and face recognition abilities* (Advisor: Ferhat Karaman)

2020–2023 Mehmet Yesevi Özgün; Zeynep Gül Artun; Merve Atmaca; Merve Köklü, undergraduate students, Department of Psychology, Uşak University, Türkiye

SERVICE

DEPARTMENTAL SERVICE

2024–present Graduate Program Coordinator, Department of Psychology, Texas A&M University–Kingsville

2019–2023 Head, Experimental Psychology Division, Department of Psychology, Uşak University, Türkiye

COLLEGE AND UNIVERSITY SERVICE

2024–present Member, College of Arts and Sciences Recruitment Committee, Texas A&M University–Kingsville

2019–2023 International Student Office Coordinator, Uşak University, Türkiye

REVIEWING

Journals *Child Development Perspectives*; *Applied Psycholinguistics*

Conferences International Congress of Infant Studies (ICIS), Speech Perception, Phonology, and Word-Level Processes panel (2020, 2022)

Last updated: September 2026
